

Find a scientific or news article (from a reputable, well-informed source) that details a threat to one of the biomes we have discussed in class:

*Savanna & Tropical Seasonal  
Forest*

*Desert*

*Temperate Deciduous*

*Temperate Grassland*

*Tundra*

*Temperate Rainforest*

*Chaparral*

*Taiga/Boreal*

*Tropical Rainforest*

Once you find your article, attach it to google classroom. If you aren't joined in to google classroom, the codes are as follows: 3<sup>rd</sup> hour (li3atc), 6<sup>th</sup> hour (869byic), and 7<sup>th</sup> hour (g7ajc5a). Find the assignment and attach your article. If you like to read from a printed copy, I would print one as well. Please pre-read your article PRIOR to coming to class tomorrow (Friday, December 7<sup>th</sup>). We will be answering questions on your article in class for the first 20 minutes.
